

**Allotment #2512 - Big Muddy**

Location:	Segment 3	River Miles 114.5 - 128.1
Category:	I	
AUMs within lease:	605	
Miles of river bank	private 8.0	public 5.6
Acres within WSR boundaries	private 1069	public 1142
Acres within allotment	private 64,483	public 14,890
Riparian management in 1988	winter and spring use by permittees, riparian areas subject to trespass grazing during low river flows.	
NEPA documents	none	
Riparian management in 1999	spring	

- Restricted grazing, necessary actions:
- Adjust lease to confine grazing period within dates of November 1 to June 1 on pastures with access to riverbank. Determine dates of authorized use by plant phenology, herd size and available forage, but restrict normally to 60 days during March 15 to May 15 period.
  - Construct approximately 2.4 miles of fence to rest 3.4 miles of riverbank for 10 years on river left. The fence will follow a route from a high point above some rocky rims in T.9S., R.20E., section 6, the northwest portion, go west for about 0.75 miles, then southwest along a ridge to the top of a rim in T.9S., R.19E., section 1, the southwestern portion. Also, construct approximately 0.8 miles of fence to exclude grazing from 0.6 miles of riverbank that contains two high-use campsites. On river left, fence will connect a rocky rim just above RM 119.1 to a rocky rim near RM 119.7.
  - Allotment pastures containing public land will be subject to the special seasonal flow restrictions. The private agricultural lands located at the mouth of Muddy Creek will not be subject to the special seasonal flow restrictions.
  - The allotment will be subject to limitations on authorization of sheep and goat use.

**Allotment #2545- Cherry Creek**

Location:	Segment 3	River Miles 128.1 - 131.6
Category:	I	
AUMs within lease:	438	
Miles of river bank	private 2.6	public 0.9
Acres within WSR boundaries	private 427	public 164
Acres within allotment	private 49,960	public 11,095
Riparian management in 1988	winter and spring use by permittees, riparian areas subject to grazing trespass during low river flows.	
NEPA documents	none	
Riparian management in 1999	winter and spring, trespass largely resolved.	

- Restricted grazing, necessary actions:
- Adjust lease to confine grazing period within dates of November 1 to June 1 on pastures with access to riverbank. Determine dates of authorized use by plant phenology, herd size and available forage, but restricted normally to use period between March 15 to May 15.
  - Adjust lease to reflect addition of 17 acres of public land and one AUM on river left in the southeastern quarter of section 24.
  - The public land pasture along the river in the southwest quarter of section 30 will be subject to the special seasonal flow restrictions.
  - The allotment will be subject to limitations on authorization of sheep and goat use.

**Allotment #2624 - Burnt Ranch**

Location:	Segment 3	River Miles 131.6 - 133.0
Category:	C	
AUMs within lease:	7	
Miles of river bank	private 0.0	public 1.4
Acres within WSR boundaries	private 0	public 113
Acres within allotment	private 2080	public 328
Riparian management in 1988	spring and early summer	
NEPA documents	none	
Riparian management in 1999	early spring (between March 15 and April 15) for two weeks every other year.	

- Restricted grazing, necessary actions:
- Provide three years of nonuse (2001, 2002 and 2003) for the River Pasture, followed by authorized grazing as stated above for riparian management in 1999.
  - The River Pasture will be subject to the special seasonal flow restrictions.
  - The allotment will be subject to limitations on authorization of sheep and goat use.

**Allotment #2641 - North 80**

Location:	Segment 3	River Miles 133.0 - 133.2
Category:	C	
AUMs within lease:	3	
Miles of river bank	private 0.2	public 0.0
Acres within WSR boundaries	private 9	public 0
Acres within allotment	private 25	public 78
Riparian management in 1988	season long	
NEPA documents	none	
Riparian management in 1999	rotation	

- Restricted grazing, necessary actions:
- Same as existing.
  - The allotment will not be subject to the special seasonal flow restrictions since there is no public land riparian habitat associated with the Wild and Scenic River.
  - The allotment will be subject to limitations on authorization of sheep and goat use.

**Allotment #2533- Sutton Mountain**

Location:	Segment 3	River Miles 135.7 - 140.0
Category:	I	
AUMs within lease:	1020	
Miles of river bank	private 0.2	public 6.7
Acres within WSR boundaries	private 30	public 1163
Acres within allotment	private 640	public 25,315
Riparian management in 1988	winter and spring by permittee, riparian areas received trespass grazing during low river flows.	
NEPA documents	92-021, 92-044	
Riparian management in 1999	exclusion, non-use and spring. Spring grazing occurs on 2.6 miles of the river. The Agate Point Wetland Pasture is in non-use pending improved riparian conditions and encompasses 2.6 miles of the river. The Priest Hole Field excludes livestock grazing and occupies 0.9 miles of the river. The Liberty Bottom Field also excludes grazing and consists of 0.8 miles of the river.	

- Restricted grazing, necessary actions:
- Exclude livestock from campsites on river left by constructing approximately 2.3 miles of fence to exclude 2.6 miles. The fence will connect with the Liberty Bottom enclosure fence and go southwest for about 1.5 miles, then west across the Priest Hole access road and uphill to rock outcrops in the northeast quarter of section 1. About 0.4 miles will be constructed from the Unsworth Field fence east across a road up to a rocky point. A portion of the exclusion is created by natural steep, rocky bluffs in sections 1 and 2.
  - Prior to completion of the exclusion fence, the lease will be adjusted to confine the grazing period from April 1 to May 1. Dates of authorized use will be determined by plant phenology, herd size and available forage.
  - Upon completion of the fence, the appropriate number of AUMs contained within the enclosure will be subtracted from active use.
  - The allotment will be subject to limitations on authorization of sheep and goat use.

**Allotment #2592 - Mary Misener**

Location:	Segment 3	River Miles 141.4 - 142.8

Acres within allotment	private 4612	public 1455
Riparian management in 1988	season long	
NEPA documents	87-003, 98-058	
Riparian management in 1999	exclusion	

- Restricted grazing, necessary actions:
- Complete exclusion of the right riverbank by construction of fences was not fully obtained in 1999. Until completion of the riparian fences and exclusion is obtained, the dates of authorized use will be determined by plant phenology, herd size and available forage, but will be restricted normally to the March 15 to May 15 period.
  - The allotment will be subject to the special seasonal flow restrictions.
  - The allotment will be subject to limitations on authorization of sheep and goat use.

**Allotment #2633 - Amine Peak**

Location:	Segment 3	River Miles 122.0 - 131.6
Category:	I	
AUMs within lease:	294	
Miles of river bank	private 5.7	public 3.9
Acres within WSR boundaries	private 839	public 883
Acres within allotment	private 11,062	public 4349
Riparian management in 1988	winter and spring by permittee, riparian areas received grazing trespass during low river flows.	
NEPA documents	87-003	
Riparian management in 1999	spring	

- Restricted grazing, necessary actions:
- Exclude livestock from campsites by constructing approximately 1.5 miles of fence to create 1.6 miles of riverbank exclusion. The fence will connect to existing fence in section 6, at the mouth of Amine Canyon, and travel south along a ridge, which gradually turns to the southwest, then west to a rocky bluff overlooking the river near RM 123.6.
  - Adjust the lease to confine the grazing period within the dates of November 1 to June 1 on the pasture with access to the riverbank. Dates of authorized use will be determined by plant phenology, herd size and available forage, but will be restricted normally to the March 15 to May 15 period.
  - The allotment will be subject to limitations on authorization of sheep and goat use.

**Allotment #2535 - Hayfield**

Location:	Segment 3	River Miles	118.0 - 119.6
Category:	C		
AUMs within lease:	11		
Miles of river bank	private 0.9	public	0.7
Acres within WSR boundaries	private 141	public	86
Acres within allotment	private 2360	public	345
Riparian management in 1988	season long		
NEPA documents	87-010, 90-089		
Riparian management in 1999	spring		

- Restricted grazing, necessary actions:
- Adjust the lease to confine grazing period within the dates of November 1 to June 1 on pastures with access to riverbank. Dates of authorized use will be determined by plant phenology, herd size and available forage, but will be restricted normally to 14 days during the March 15 to May 15 period.
  - The River and Rip Rap Fields will be subject to the special seasonal flow restrictions.
  - The allotment will be subject to limitations on authorization of sheep and goat use.

**Allotment #2656 - Dry Knob**

Location:	Segment 3	River Miles	112.9 - 116.9
Category:	C		
AUMs within lease:	7		
Miles of river bank	private 3.2	public	0.8
Acres within WSR boundaries	private 731	public	30
Acres within allotment	private 900	public	275
Riparian management in 1988	winter and spring, riparian areas subjected to grazing trespass during low river flows.		
NEPA documents	none		
Riparian management in 1999	autumn through spring		

- Restricted grazing, necessary actions:
- Adjust the lease to confine the grazing period within the dates of November 1 to June 1 on pastures with access to the riverbank. Dates of authorized use will be determined by plant phenology, herd size and available forage, but will be restricted normally to the March 15 to May 15 period.
  - Adjust the lease to reflect the addition of public lands located within this allotment on river right in the southwest quarter of section 9 and the northeast quarter of section 21. The acres and AUMs will be determined since a vegetation inventory has not been completed on these parcels.
  - The allotment will be subject to the special seasonal flow restrictions.
  - The allotment will be subject to limitations on authorization of sheep and goat use.

**Allotment #2649- Rim**

Location:	Segment 3	River Miles allotment contains no river bank, but
